### **A35EU Tonga -update November 15**

Ronald PA3EWP reports that they arrived safely in Tonga. Also, all luggage made it and they are now on their way to the operating site using stylish transport.

It is evening time in Tonga, so do not expect signals before tomorrow. They will start building the station at daylight and also have to collect their license in town tomorrow. So hopefully the first signals are to be expected this time tomorrow.

Tom GM4FDM is still in pursuit of the rest of the team and on his way to Auckland. If all goes well he will join the guys in Tonga tomorrow afternoon.

### **3Y0I Bouvet Island -update**
